WORKBOOK AUTUMN/WINTER 2025-2026

217

OF SWEDEN

MEN 10-55
WOMEN 58-105
JUNIOR 108-115
ACCESSORIES 118-126
DISTRIBUTORS 127

The name **2117 OF SWEDEN** is inspired by the highest mountain in Sweden: Kebnekaise.
The fact that its height continues to melt from 2117 meters above sea level keeps us focused on all our sustainability measures.
We want to change the industry for the better and play our part in reducing mankind's harmful effect on our environment.

We provide easy access to sustainability and design.

A warm welcome to our AW25 collection.

Your
2117 team

REPREVE RECYCLED FIBERS

Leading producer of recycled fibers, REPREVE transforms recycled plastic bottles into amazing products you use and wear everyday. Recycling plastic bottles can make a big difference. Since 2009, REPREVE has transformed more than 4 billion plastic bottles that have been recycled by you to make recycled fibers. 2117 of Sweden use recycled fibers from Repreve since 2011.

REPREVE
IT'S WHAT'S IN IT

TRITECH

The majority of all 2117 garments with membrane use membrane from Tritech.
Tritech membranes have passed REACH 148 and Oeko-tex-100 standards and this brand is constantly working to become more and more environmentally friendly. Tritech's PU membrane is PFCs free and have many advantages in comparison with PTFE and TPU.

TRITECH

DWR (DURABLE WATER REPELLENCY TREATMENT)

All 2117 garments have an ultra-thin treatment called DWR, a durable water repellent polymer, applied to the outermost fabric layer so that water beads up and rolls off rather than soaking in. Our DWR is PFC free, PFC´s is hazardous to the environment and human beings.

DUPONT SORONA

Dupont Sorona insulation is made of minimum 30% renewable sourced polymer that is made with annually plant-based ingredients. Production of Sorona also requires 30% less energy and reduces greenhouse gas emissions by 63%. Dupont Sorona is excellent in both warmth sealing and breathability.

DUPONT

ALTO PADDING

ALTO offer three varieties of padding. One where the padding is shaped like balls and one where the padding is in sheets. These ALTO paddings are made out of 100% recycled PET bottles. The third variant is a mix made of recycled plastic bottels and wool. The garments filled with ALTO padding will not only keep you warm and comfortable but will in the meantime also help to reduce the plastic waste that we are experiencing in the nature.

ALTO PADDING ALTO WOOL PADDING

MERINO WOOL

The special features of wool fibers from sheeps are their outstanding thermal properties and excellent climate control. We use padding with wool cause its eco friendly, temperature regulating and moisture regulating. We use only mulesing free wool.
